INSERT: *Question & Answer(s)*

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED

BIDDERS MUST ACKNOWLEDGE RECEIPT OF THIS  
AMENDMENT WITH THEIR BID PROPOSAL.

## **QUESTION & ANSWER(s):**

**Question 1:** Are the shelf stable 8 ounces products refrigerated milk or extended shelf life milk like the UHT?

Answer: Shelf stable would be referring the UHT milk.

**Question 2:** Are deliveries made directly to a warehouse or to schools?

Answer: Currently, our milk deliveries are shipped door to door to our central warehouse.

**Question 3:** If directly to schools, how many schools are in the program?

Answer: It appears that you are offering fresh milk. For fresh milk we would need it delivered directly to the schools. Direct delivery would involve over 38 schools spread out over two islands.

**Question 4:** Do you have any specification for packages, like cartons, bottles or pouches?

Answer: For aseptic UHT milk there is only one type of container. If you are referring to fresh milk, we would be satisfied with pouches as they are the least expensive media and they have the smallest footprint from a waste disposal standpoint.
